Elk City

'The Epitome of Oklahoma And It's Rich Heritage

From the establishment of what was once a rural community in 1901 to the development of Route 66 as the nation's first highway system to world champion cowboys, Elk City represents the heart of the great state of Oklahoma.

For entertainment, visitors can “get their kicks” at a variety of museums including the **National Route 66 Museum**, **Old Town Complex** and the newly opened **Transportation Museum** which gives a great education in the history of how automobiles, trains and planes impacted travel in the United States. **The Farm and Ranch Museum** showcases decades of equipment used to harvest crops in the

second largest industry in the state and the **Flying W Guest Ranch** offers fun for the whole family from the little buckaroo to the professional cowboy and cowgirl.

Elk City also hosts plenty of events each year for tourists and visitors to enjoy. From the **Southwest Farm and Home Expo** in April, the annual **PRCA Rodeo of Champions** on Labor Day weekend, the **Fall Festival** in September featuring the best in arts and crafts and the **Oklahoma National Junior Heifer Show** in November brings visitors from all over to showcase their stock. The largest Christmas light display in Southwest Oklahoma, **Christmas in the Park**, brings back old-fashioned family traditions with train rides on the candy cane express, old-fashioned horse-drawn carriage rides, light tours and, of course, kids of all ages enjoy riding the **Centennial Carousel**.

Elk City's vibrant downtown shopping district boasts everything from rustic cowboy décor to boutiques showcasing the latest in fashion. Make a day of shopping in Elk City during **Route 66 Days** in June, the **Sizzlin' Summer Sidewalk Sale** in July and scare up some frightful deals during **Moonlight Madness** in October.

Be sure to bring a hearty appetite as Elk City offers a variety of restaurants guaranteed to satisfy everyone from cowboys to city slickers. When you're ready to hang your hat, Elk City has over 850 rooms for the visitor to choose from.

Located on Interstate 40, Elk City's endless blue skies, rich rolling hills and red earth make this community a “herd” above the rest. So plan your trip to Elk City and spend some time in God's country.

Follow the migration trail of Chief Quanah Parker

in Southwest Oklahoma and experience the Wichita Mountains and the Big Pasture areas where Quanah traveled frequently. This area was also where the famous wolf hunt by President Teddy Roosevelt took place in 1905, who came to see "Jack (Catch 'm Alive)" Abernathy catch wolves with his bare hands. This hunt and his visit with Quanah Parker are often cited as reasons for Teddy's determination to create the nearby Wichita Mountains Wildlife Refuge.

The Big Pasture

The Big Pasture was 488,000 acres of prairie land, in what is now south-western Oklahoma. The land had been reserved for grazing use by the Kiowa, Comanche, and Apache tribes. This was the last large tract of land opened for settlement in Oklahoma Territory.

At left: Baldwin Parker, grandson of Quanah Parker with Buffalo Soldier reenactor, Wallace Moore, during the recent Big Pasture Centennial celebration in Grandfield.

Weatherford

Out of this World Adventure

Where can you reconnect with family and friends for fun on the run? No where else but Weatherford! From space cowboys to roadside kicks, Weatherford is a great value and great family fun.

Located on historic Route 66 and I-40, a short 55 minutes west of Oklahoma City. Start your visit a few miles east with a stop at the “the mother of the Mother Road” Lucille’s. The rather peculiar white building with a wide tall front porch welcomed weary travelers to stay a

night in a cabin or stop for a cold drink and a snack.

During the Great Depression “Lucille’s” offered food and fellowship to travelers during

their migration from the Great Plains to points west. The business operated continuously until the late 1990s. Today the original “Lucille’s” is honored by “Lucille’s” a restaurant located a few miles west.

Weatherford is home to the longest stretch of retail shopping on Route 66. The route features everything

from antique treasures to modern luxuries, restaurants sure to please everyone’s taste buds or pocketbooks, a historic downtown, and 400-plus motel rooms with brand names you’re sure to recognize.

Towering 262 feet into the western Oklahoma sky, 98 state-of-the art wind turbines dot the horizon and make up the

“Weatherford Wind Energy Center”, is one of Oklahoma’s largest wind farms. Group tours are available by special arrangements.

Opened in the spring of 2007, the **Heartland of America Museum** chronicles

life in western Oklahoma by preserving historical artifacts and providing authentic and educational displays of the various aspects of life. Featuring 8,000 square feet of exhibit

space, the museum showcases exhibits about life ranging from the Depression through the Iraq War.

The museum is home to one of the most comprehensive exhibits in the world displaying the history of rocketry. From the giant F-1 Saturn engine, powerhouse of the Apollo missions, down through the Gemini and Mercury space programs, the Stafford Air & Space Museum will leave you in awe!

For those travelers looking to experience the great outdoors, Weatherford offers Crowder Lake Park. Located 10 minutes south is Crowder Lake Park, a twelve-acre park featuring a

one hundred fifty-eight acre lake. The park offers boating, fishing, RV sites, primitive camping, picnic tables with cooking grills, plus three large teepees for camping.

Gemini, Apollo, man landing on the moon, the space race. Exciting times... and helping America win the space race was Weatherford native Lt. General Thomas P. Stafford. Founded in 1983, the **Stafford Air & Space Museum** contains memorabilia from Stafford’s military and NASA careers.

Frederick

Where the Adventure
Began 100 Years Ago!

2010 is a Special year for Frederick; we will be Celebrating the 100th Anniversary of the Abernathy Boys "New York Ride" With many special events.

1910 was the year the Abernathy Boys, ages 6 and 10, rode alone on horseback to New York City to greet former President Theodore Roosevelt. Visitors can view the Abernathy Boys' Statue in Centennial Park and learn about the Boys' adventures in a special interactive exhibit that is housed in the Pioneer Townsite Museum, complete with a restored 1910 Brush Automobile. Many special events will be planned to celebrate Frederick's famous travelers! Visitors can also visit the depot where President Roosevelt arrived in Frederick in 1905 for a famous Oklahoma Territory wolf hunt with the boys' father Jack "Catch'em Alive" Abernathy, who later became a U.S. Marshall.

Other adventures in Frederick include Hackberry Flat, a restored wetland of national importance that attracts thousands of migratory birds including Whooping Cranes and many other rare species. Or take an adventure in time at the WW II Airborne Demonstration Team headquarters. The Crawford Collection is an amazing adventure of more than 170 animal trophies collected by Frederick's Crawford family on hunting expeditions throughout the world.

A municipal swimming pool complex, lighted tennis courts and playground facilities are available to families at Altus' numerous parks. Sightseers will be impressed by Altus' second public sculpture. "**The Vision Seeker**" in East City Park which is a life-size bronze statue of a warrior chief looking into the sunrise or sunset. The city's first public artwork "**Crossing the Red**" is located in front of the Jackson County Courthouse and depicts a cattle drive along the Great Western Trail at Doan's Crossing south of Altus on the Red River.
